

GARDEN CLUBS AND SOCIETIES PLANT FAIR

Saturday 20th Sept 8.30am to 4pm and Sunday 21st Sept 9am to 2pm

South Perth Community Centre, cnr South Terrace and Sandgate Street, South Perth

Adults \$5, children under 16 years free entry

Is there anything better than a plant sale? How about a great plant sale? Sponsored by The WA Horticultural Council, this Fair brings together various horticultural clubs and societies.

Imagine being able to come along to one air-conditioned venue and have all your plant and gardening questions answered by the people who know their plants best and can offer suggestions on how they fit into a water wise and colourful garden?

Now in our seventeenth year, a large variety of plants will be on sale and display by members of the WA Horticultural Council, the umbrella organisation representing amateur horticulture in this great state.

This year's participants include the African Violet Society, Cactus & Succulent Society of WA, Cymbidium Orchid Club of WA, Epiphytic Cacti & Hoya Society, Gardeners' Circle WA, Geranium & Pelargonium Society, Herb Society of WA, Northern Districts Orchid Society, Palm & Cycad Society, Perth Heritage Roses, Rose Society of WA, South Eastern Orchid Society, Wanneroo/Joondalup Orchid Society, WA Bromeliad Society, WA Chrysanthemum Society, WA Fern Society, and the WA Gerbera Society.

You'll need some cash rather than cards as a number of the smaller groups do not have EFTPOS facilities.

The kitchen will be busy providing yummy treats for morning & afternoon teas and light lunches.

Spring is an ideal time to introduce interesting plants into your garden. If you're looking for something new to spruce up your garden, don't miss the opportunities offered by this unique plant sale. Don't miss it!
